The weather has been considerably cooler during the past week, and the nights were delightfully cool, with a westerly wind prevailing.

Supt. W. W. Ashby, of the Central Silver Mining company, has gone to St. Louis on business connected with the mine.

The high wind collapsed the tent of the Mexican circus last Sunday evening and no exhibition was given. They will show to-night and to-morrow night.

Mr. Ernest Lohman and family have arrived from Phoenix to take up their residence here. Mr. Lohman will establish a barber shop at the corner of Main and 8th streets.

The Sister's school having closed for the summer vacation, Mother Florence, Sister Agnes and Sister St. Barbara will go to Tucson to remain a couple of months.

There has been a great scarcity of butter in town during the past week and the difficulty of obtaining a good imported article renders it a very scarce commodity.

Main and Eighth streets are receiving needed attention in the way of repairs. Mr. James Clifford is grading them up with gravel, and a good job is therefore insured.

The Phoenix Herald of last Monday says: Dave Balaz purchased to-day from W. P. Fial of Pinal county, 135 head of fine steers to aid in filling his beef contract for the Colorado river Indians.

Postmaster Miller has ordered a new front for the post-office, with eighty new lock and call boxes. They will be put in position about the middle of July, when the whole interior of the postoffice will be rearranged and remodeled.

Col. Elmer A. Howard visited Florence Monday. He is on an unexpected visit to Arizona with a party of capitalists desiring to invest in mines. Col. Howard will return east by way of San Francisco and remain until the first of September.

It is a fact not generally known even among his many friends in this place, that Mr. Robert Bowen, of Silver King, is the happy father of a daughter that was three months old on the 7th of this month. It has been named Susana Katarina Bowen, and is as "pretty as a picture."

A party of Texas emigrants, bound for Gila Bend, reached Florence Sunday night and continued on their journey the following day. They were provided with splendid stock and good wagons and expect to secure work on one of the canals now being built near Gila Bend. One of their number owns a tract of land at that place.

The following persons constituted the party of capitalists that recently visited the Monarch mines in company with Col. E. A. Howard: Messrs. C. T. C. White, L. V. Harkness and Jarvis, of Kansas City; W. S. Beede, of Reece City, Kansas, and Prof. Good-hope, of Denver, Colorado. Col. Howard and another party of eastern capitalists left Casa Grande for the Monarch mine on the morning of the 20th.

A young man named Duran, who resides about seven miles west of Florence, received a bad wound while cleaning a revolver near Adamsville, Wednesday. In some unaccountable manner the pistol was discharged and the ball entered his left leg just above the knee. Dr. Harvey dressed the wound and cut the bullet out from the opposite side of the leg. He found that no bones were broken.

The glorious Fourth of July is rapidly approaching and an occasional outbreak of impatient patriotism is manifested by the explosion of fireworks in a small way. The ardor of young America is difficult of restraint under the trying ordeal just preceding the noisy anniversary and he must necessarily test his stock every now and then until the happy day comes around.

In the midst of the ebullition of patriotism incident to the occasion, it is well to take the utmost care to avoid starting a dangerous and expensive fire with the mischievous little "crackers."

School Exhibition.

The closing exercises at the Sisters' School took place last Wednesday evening and they were attended by as many people as the commodious school building can accommodate. The school election of one trustee to succeed Dr. Wm. Harvey, will take place next Saturday. The polls will be held at the school house and will open at 9 a. m. and close at 4 p. m. The trustee-elect will hold office for three years. Unfortunately very little interest is manifested in the election and the candidates for the position are not numerous. So far but few candidates have been spoken of—Messrs. A. T. Colton, J. C. Harris and George E. Evans—and they are put forward only at the solicitation of their friends.

The Gila river bridge at this place narrowly escaped destruction by fire a few days ago. Some Mexicans had started a small fire among the bushes to cook a meal and the dry grass and bushes caught fire and burned furiously. The wind happened to be blowing the flames away from the bridge and that structure was saved by the efforts of several people. All the brush has since been cut away from the bridge and this source of danger is now removed.

Mr. Geo. W. Saunders left for Tucson last Sunday. He has been appointed superintendent of a gold mine in Arivaca in which he holds a large interest. It is reported to be an excellent property and every one of Mr. Saunders' numerous friends wish him an unbounded measure of success.

While W. P. Bamrick and J. W. Rannels were out riding in a sulky last Saturday, the horse took fright upon suddenly coming to a halt and turned in the road upon a man sleeping by the roadside on a cot, and in its capers the vehicle was violently overturned, but no harm was done.

Judge W. W. Porter has set aside his recent order vacating and dismissing the injunction in the case of the Montezuma ditch company vs. C. W. Fuller and M. Ward, regarding the use of certain waters of the Montezuma canal.

Messrs. D. H. Snyder and D. W. McCallen were down from Mineral Creek last Monday. These gentlemen own a number of very promising mines in that section and will likely make an advantageous sale in a short time.

Messrs. M. Kennedy and James Elder were in town from Riverside Tuesday.

Watermelons by the wagon load have been in the local market all the week.

Mr. F. T. Davila, of Phoenix, formerly editor of a Spanish newspaper in that city, visited Florence this week.

Dr. Sabin came up from Sacaton this week, for a short visit to his patient, Mr. J. P. Gabriel.

Mr. W. M. Griffith came down from his Dripping Springs ranch Tuesday and went to Tucson.

Judge E. B. Green, of Riverside, was in town this week.

Mr. E. B. Moden, of Pinal, was in town last Saturday.

Mr. C. M. Marshall was up from Casa Grande on Thursday.

A Chinaman Suicides.

Quong Sing, the chinaman who killed a countryman named Charley Sam, at Mammoth, on the 21st of June, 1886, committed suicide in the penitentiary at Yuma, on Saturday morning, June 9th. The deceased celestial had his preliminary examination before Judge John Miller on June 25th, 1886, and was committed to await the action of the grand jury on a charge of murder. He tried to commit suicide before his trial came off. He was duly indicted and was finally tried and convicted on October 24th, 1887, and was sentenced to imprisonment in the Territorial prison for the term of his natural life. During his trial many believed the Chinaman to be somewhat insane but the symptoms were not very pronounced.

The Sentinel gives the following account of the suicide:

Last Saturday, early in the morning Quong Sing, a convict in the Territorial prison, committed suicide by hanging himself. The body of the suicide was found about seven o'clock. Quong Sing secured a piece of quarter inch cotton rope, tied it around his neck, climbed the grating of the cell door and tied the rope to the highest bar of the door; he then turned around letting his feet slip from the grating, and freed himself from care and imprisonment.

Mr. James Brash is working his teams on the main westerly lateral of the Florence canal, about ten miles from Florence. This lateral is designed to carry a body of land in the direction of the ruins of Casa Grande and to reach Sacaton on the reservation. It will be eighteen miles in length and sixteen feet wide on the bottom.

From a private letter received by Mr. F. B. McAllister from his brother Leandro, of Tarpon Springs, Florida, it is learned that ex-Governor Safford would leave for Tucson on June 18th. He may therefore be expected to reach the ancient pueblo on or about next Monday.

The demand for farming implements during the past six months has been very great in Florence, and the supply was hardly equal to the demand. There will be lively trade in agricultural tools and machinery during the next few years, in this place.

Mr. W. H. Lemper of Silver King has presented THE ENTERPRISE office with a lithographed plat of the mines surrounding the South Comstock and becoming the most prominent mining claims adjacent thereto.

Florence Lodge No. 4, A. O. U. W. will meet at their hall to-night as usual. It is probable that the hall will be ready for occupancy by the next meeting.

Alex. B. Wolven hauled 7,500 lbs. of flour at one load from four horse Brady's mill to J. D. Rittenhouse store, Thursday. A pretty good load.

Mr. S. R. Cooley has purchased five acres of land just east of town and is preparing to build a house thereon. Mr. Cooley is a late arrival from Kansas.

Mr. T. D. Bunyan, of Silver King, has secured a vacation of a couple of months and left yesterday for a trip to San Francisco. His health has been for some time impaired and he hopes to recuperate by the sea.

Ice cream will be served on Wednesday, Thursday, Saturday and Sunday. Call and try it.

JUAN P. CADEZA, Proprietor.

The assessor has turned his roll in to the clerk of the Board of Supervisors for the consideration of the board of equalization, which will meet July 2d.

Mr. Ernest Lohman will open his new barber shop this morning on the corner of Main and Eighth streets, opposite J. N. Denier's store.

Mr. L. E. Walker returned from Los Angeles and went out to the Vekol Wednesday.

There is a large amount of hilarity evolved from the booze dispensed in Florence.

Mr. W. M. Griffith spent a couple of days in town on his return from a visit to Tucson.

The nights during the present week have been unusually cool for this season of the year.

Mr. Julius Blitt, of Tucson, arrived yesterday to spend a few weeks in Florence.

The Mexicans have made preparations for a great time on San Juan's day—to-morrow.

Drew & Bamrick are the mail contractors to Silver King and Pinal. The best stock and quickest time made.

Mr. F. C. Minshall is now in charge of Wells, Fargo & Co's express office at Casa Grande.

Mr. Jacob Suter arrived from Pinal Tuesday to arrange plans for his new building.

Mr. Troy McCleary, of Tucson, arrived a few days ago to remain in Florence.

The finest turkeys in the country are the best stock at Drew & Bamrick's lively stable.

Mr. P. W. Meyers was in town from the Reynold Mines Monday.

Deputy sheriff Pete Boscha came down from Pinal Tuesday.

40,000 pounds of lime for sale at J. M. Ochoa's.

A Stab in the Dark.

Sometimes falls of its murderous intent. The insidious and dastardly attacks made upon the reputation of Hostetter's Stomach Bitters by persons who seek to palm off cheap and fiery tonics as identical with it, for "the same thing under another name," or "equally as good," in most instances react disastrously upon the unprincipled traders upon popular credulity who attempt them, conveying their speculations into ruinous failures. The Bitters is a pure, wholesome and thorough medicine, adapted to the total cure and prevention of fever and ague, bilious remittent, dyspepsia, constipation, biliousness, debility, nervousness and kidney troubles. Its every ingredient, unlike those of the imitations of it, is of an ascertained standard of excellence, and while they, by reason of their fiery properties react injuriously upon the system and nervous system, of both those it is a sedative and invigorant. It cures all these harmful intentions.

DE NOON.

The Mill to be Doubled in Capacity—General News of the Camp.

DE NOON, June 20th, 1888.

DEAR ENTERPRISE: Everybody is busy up this way, in spite of the hot weather and the Chicago Convention. The heat, however, is not so great as at Florence, the highest temperature so far recorded being 98 in the shade.

The work of taking out ore has been temporarily suspended, pending repairs on the mill, and Mr. Jas. Brash, who has been doing the ore hauling, has withdrawn his teams and taken a contract on the Florence canal.

Work on the new mill is proceeding vigorously. A new engine room is being erected, a new engine, boiler and machinery are being put in, and the battery is to be increased from ten to twenty stamps, thus doubling the capacity of the mill. A drift has recently been run into the mine, and a track is now being laid which will do away with all further hauling of ore. The road between the mine and mill is also being improved, and the heavy grade which has in the past proved such an obstacle to ore hauling will be considerably reduced. In the meantime work is being pushed vigorously on the new mill, which is now nearly 100 feet deep, with a continually increasing flow of water. It is hoped that by August 1st all will be in readiness to start up again, and if the water problem can be successfully solved, there seems nothing to prevent this from becoming one of the liveliest camps in the Territory.

Mr. J. D. Reynert, Jr., expects to leave shortly for Los Angeles, where he will spend the summer.

Mr. A. Price, engineer at the mill, with a visit last week, in his capacity of assessor and poll tax collector. Rumor has it that Mr. Oscar Luedke, in making out the list of his taxable property, put down a recent 12 pound arrival at his house at \$12,000, exactly \$1000 per lb. This rumor, however, has not been authenticated, but from the general bearing of happy father seems highly probable.

HAWK EYE.

Hon. G. W. Rumble, of San Francisco and Geo. W. Sanders left yesterday for the Cerro Colorado mines for the purpose of clearing out the old workings and putting the same in working condition. The mine is now owned by J. H. McKusick and W. W. Spaulding of San Francisco. If the property is as good and promising as it has been represented, old times will be restored at the Cerro Colorado camp. Mr. Sanders is the superintendent and has pumping and hoisting machinery all on the ground ready to commence work at once. A good supply of provisions, materials, horses, etc., were sent out to the mine Monday, and during the week of pumping the water out of the mine shaft will be under way, and in less than two months good results may be anticipated.—Citizen.

Dr. C. E. Thatcher, once a resident physician in Globe, committed suicide in Chicago on June 11th, by cutting his jugular vein. Delirium tremens was the cause.

Where to Buy.

A large assortment of summer goods of all kinds has just arrived, and in gentlemen's underwear we have an endless variety at very cheap prices. New hats, caps, boots, shoes, etc., are received every week. In our grocery and fancy goods department we keep a full stock and are prepared to fill orders by mail as promptly and carefully as though ordered in person. Call and see our goods and learn our prices before making purchases and we are sure that we can give you complete satisfaction.

W. C. SMITH & CO.

If reports are true there is a little treachery rampant among the butcher firms in the Los Angeles market, which condition of affairs is anything but creditable to the offending firm. It is openly asserted that one firm has entered into an alliance with a member of the big four to sell eastern dressed beef to the exclusion of beef coming from western range cattle, and that as a consequence the said offending firm is bearing the market for live cattle. Now Mexico and Arizona have interest in the matter and producers here will likely call for particulars. The dressed beef tyrant is a pretty formidable chap to fight on his own behalf, but when he is willingly brought into the ring here in the west all part of the catering industry should join in the attempt to knock him out, and there should be no sparing for the fun of it.—Las Vegas Stock Grower.

M. A. Kelley's Thirty Thousand Dollars.

Much interest has been shown in various ways in the tax receiver of Pinal, Mr. M. A. Kelley's fortunate investments and it has been deemed of public interest to find out what he thinks about it. Learning that Mr. Kelley had received \$30,000 through the Miners' Savings Bank, a reporter interviewed him. He said he simply bought one-fifth of ticket No. 55,315 which drew the Capital Prize of \$150,000 in the Arizona State Lottery, which was held at the Arizona State Lottery, for which he paid \$2, just as he would have put up a margin on stock, and he was surprised to learn that there were men in town who knew the value of the ticket a week before he was advised.—Pittston (Pa.) Gazette, May 29.

Mr. C. P. Leitch has purchased from J. L. Forester 130 head of cows, now running on the San Pedro and Hot Springs country. These cattle are known as the "Greenwood cattle," and are very high grade stock. They are now being gathered, and will be taken to Mr. Leitch's ranch in the San Simon valley.—Stockman.

Notice.

Office Board of Supervisors of Pinal County, Arizona, is hereby given that the Assessor for Pinal County has this day filed the Assessment Roll in this office, and the Board of Supervisors will meet at a Board of Equalization on Monday, July 2nd, A. D. 1888, and adjourn until July 9th, A. D. 1888, when it will continue in session from time to time until the business of equalization presented to them is disposed of, not extending beyond July 20th, A. D. 1888. Wm. E. Green, Clerk Board of Supervisors.

Call and Settle.

All persons indebted to the undersigned are requested to settle before July 1st, 1888. All accounts will be placed in the hands of an attorney for collection after that date. Wm. M. Hickey, Attorney at Law, Florence, Arizona, June 18, 1888.

CONVINCING GUARANTEES.

Which are Justified by a World-wide Experience.

TO THE PUBLIC:

Having branch houses and laboratories in seven different quarters, and therefore having a world-wide experience, we, H. B. Warner & Co., justify ourselves in making the following statements:

First.—For the past decade we have held that 93 per cent. of diseases originate in the kidneys, which introduce uric acid into the system, a poison that is injurious to every organ, attacking and destroying first the organs which are the weakest. We have also held that if the kidneys are kept in perfect health most of the ordinary ailments will be prevented, or if contracted, cured. Other practitioners have held that extreme kidney disease is incurable. We have proof to the contrary, however, in hundreds of thousands of cases in every section of the globe.

Second.—The kidneys being the sewers of the human system, it is impossible to keep the entire system in good working order unless these organs are doing their full duty. Most people do not believe their kidneys are out of order because they never give them any pain. It is a peculiarity of kidney disease that it may last long without the knowledge of the patient, and it is not until the patient is suspected if there is any gradual departure from ordinary health, which departure increases as age comes on.

Third.—We do not cure every known disease from one bottle. This is an impossibility.

Fourth.—Warner's Safe Remedies have been recognized by the doctors and the people all over the globe as standards of the highest excellence.

Fifth.—We make the following unequalled guarantee:

GUARANTEE 1.—That Warner's Safe Remedies are pure and harmless.

GUARANTEE 2.—That the testimonials used by us are genuine, and so far as we know, absolutely true. We will forfeit \$5,000 for proof to the contrary.

GUARANTEE 3.—Warner's Safe Remedies have permanently cured many millions of people whom the doctors have pronounced incurable. Permanent cures are always convincing proof of merit.

Sixth.—Ask your friends and neighbors what they think of Warner's Safe Remedies.

REV. J. P. ARNOLD, Camden, Tenn., had fearful abscess caused by kidney disease. In 1878 and 1881, after running abscesses appeared on his face. He tried all the doctors' and his wife's and his own, but he was not cured. He was cured by Warner's Safe Remedies, and writes in 1887: "I am now a perfectly well man. It is the only medicine I ever took."

L. B. PRICE, M. D., a gentleman and physician of the highest standing of Hanover, C. H., Va., four years ago, after trying every other remedy for bright's disease, including famous mineral waters, cured himself by Warner's Safe Remedies, and March 24, 1888, writes: "I have never had the slightest symptom of my old and fearful trouble."

HERMAN URBAN, of MacNeale & Urban, safe-makers, Cincinnati, O., was broken down by excessive business cares. He was fully restored to health four years ago by Warner's Safe Remedies and has since been in robust health.

DR. DIO LEWIS writes: "I found myself afflicted with a serious kidney disorder and used Warner's Safe Remedies."

MRS. E. J. WOLF, Gettysburg, Pa., S. C. Farrington, Gl
